Welcome everyone,

We take immense pleasure in presenting the Annual Report of our school to apprise you all of how the mission and philosophy of Noble Public School have materialized positively in our day-to-day working and through the voyage of discovery of excellence in the field of education.

The year 2025–26 has been a year of resurgence and remarkable growth. There have been many significant changes in the school this year in terms of high expectations, effective communication, behavioural management, professional development, integration of technology, and, above all, academic excellence. Our teachers worked collaboratively in various training sessions and workshops to align their curricula to cater to the diverse educational needs of our students.

This report is a comprehensive compilation of the achievements and milestones of the year gone by. At the same time, it sets the path for greater accomplishments in the years to come.

Assembly - The Soul of the Day

Morning assembly is the soul of our school, where scholars and mentors come together to start the day on a positive and spiritual note. It is an important feature of the school's routine. It forms a significant part of the school's curriculum by creating a positive and reflective ethos and promoting value-based education.

It powerfully nurtures the development of intrapersonal intelligence, confidence, and leadership. Each house takes a turn to present the morning assembly. Such a gathering of mentors and scholars is essential for collective interaction in a formal setting and instils discipline and unity.
